**OFFICE & WORKS**

The Broadway Killingworth, New South Wales 2278  
**Phone:** (02) 4953 2444 **Fax:** (02) 4953 3140  
**Phone:** (02) 4953 2445  
**Email:** admin@beltorengineering.com.au  
**Website:** www.beltorengineering.com.au

**Business Activities**

Design and manufacture of specialised items of equipment on a one off basis ie QDS/MPV pods for various uses in the underground Coal Mining industry. Beltor has also become highly skilled in the fabrication and pressing of mild steel, stainless steel and aluminium items, as well as routine repairs and restoration of damaged mining equipment. Beltor Engineering has designed and manufactured Innovative items for use underground by Collieries in New South Wales and Queensland and New Zealand for over 30 years, and has become a specialist in the manufacture of the following equipment for use in underground coal mines:-

- \* Beltor Mine Extraction Device (designed by Mr Aldo Beletich)
- \* Pipe Erecting Units - Trailer or MPV mounted
- \* Heavy Duty Cable Winders - Trailers or QDS mounted
- \* Shuttle Car and Miner Cable Winders - QDS mounted or Friction Drive
- \* HT, Miner and Shuttle Car Cable Reels
- \* Conveyor Boot Ends - Conventional or Special Design
- \* Re-Certification of all QDS Attachments
- \* Various QDS Attachments eg Work Platforms, Structure Cassettes & Jib Cranes etc

**BERG ENGINEERING PTY LTD**

11-13 Terrence Road BRENDALE, Queensland 4500  
**Phone:** (07) 3381 6222 **Fax:** (07) 3881 6200  
**Email:** reception@bergeng.com.au  
**Website:** www.bergeng.com.au

**Business Activities**

With multi million \$ investment in computer controlled machinery, Berg prides itself on providing industry with high quality, precision products and services. During its 30+ years in operation, Berg has built a reputation in the Mining, Mineral Processing, Rail, Power Stations, and OEM sectors has a reliable, highly competent and flexible company for both onshore and offshore engineering projects.

**Activity:**

Innovative Engineering Solutions that encompass rebuilding, repairing, re engineering, maintaining and manufacturing of high risk critical assets including pumps, valves, gearboxes, couplings, screens, rotors, autoclaves, brake systems, shafts, centrifuges, Disc, Drums

**Products:**

Slurry Valves, Pumps, Shafts, Drums, Valve Stems & Disc, Screens, Brake systems, Pins, Centrifuges, Crusher components, OEM components, Bearings.

**New Products:**

NATA Certified NDT testing, Titanium Precision welding, Plasma Transferred Arc

**Branch Offices**

**Queensland**

Queensland  
**Phone:** +61 3881 6222  
 Mining Market Manager: Malcolm Greenacre **Email:** reception@bergeng.com.au

**BEST TRACTOR PARTS**

Lot 12 Ron Searle Drive Mackay, Queensland 4740  
**Phone:** (07) 4955 5811 **Fax:** (07) 4955 4811  
**Email:** kerrie@besttractorparts.com.au  
**Website:** www.besttractorparts.com.au

**Business Activities**

Suppliers of quality second-hand and reconditioned spare parts for heavy duty earthmoving equipment.
